

Looking for a Maltster?

Are you looking for a maltster to cover short / medium term recruitment difficulties or to assist in project work?

I have over 30 years experience managing plants up to 120,000t/a, and can demonstrate the following attributes -

- Diploma Maltster
- Highly developed practical malting experience
- Excellent man management skills
- Strong engineering bias
- Barley buying experience
- Malt laboratory background
- Detailed knowledge of ISO 9000, ISO 14000, BRC, Assured UK Malt standards
- CCL, EUETS and IPPC implementation experience
- And much more!

I am currently based in Scotland but am willing to travel UK wide.

If you are looking for a motivated individual with strong interpersonal skills who still has a lot to offer our industry, in the first instance please contact jennie@magb.org.uk and she will put you in touch with me.
