Course Details

Developed with the assistance of MAGB members, this seminar will be of interest to companies already running waste water treatment plants and those considering options. It will be useful for plant operators and managers.

There will be presentations by 4 companies who already have plants who will be able to share the pros and cons of their systems and an opportunity for discussion and for delegates to ask questions. There will also be an opportunity to visit Muntons' plant at the end of the event.

This will be an informal seminar with the emphasis on the free transfer of experience.

Costs

The cost per delegate is £60 plus VAT. This includes refreshments and a sandwich lunch. Your company will be invoiced after confirmation of your place/s.

Please complete the Booking Form and return no later than 12th December. Places are limited and will be allocated on a first come, first served basis.

Please book place/s on the Waste Water Treatment Seminar for the following:
